**AIM Announcement**

**28 June 2021**

### **Kalkkinen Project**

Further to the Company’s announcement on 21 January 2021 (the “Prior Announcement”), Tertiary Minerals plc announces that it has today been advised by Element-46 Ltd (“E46”) that its Reservation Notice for an exploration permit (the “Licence Reservation”) over the Kalkkinen Prospect in Finland has been cancelled on environmental grounds.

On the basis that the issue of E46 shares to the Company referred to in the Prior Announcement was contingent on the grant of the Licence Reservation, and the Company has been advised by E46 that the Licence Reservation was not granted, the Company will not be entitled to receive the E46 shares, and the future royalty interest referred to in the Prior Announcement will fall away.
